Pan Asia Exchange

A versatile B2B platform that provides a medium to thousands of buyers across Asia to showcase their products to the global market. It is an initiative of the Pan Asia E-Commerce Alliance (PAA), an alliance formed by 11 service providers authorised by Customs and other trade regulatory agencies in their respective economies, and providing secure, trusted, reliable and value-adding IT infrastructure and services to facilitate trade globally.

InterCommerce is the operator in the Philippines.

The screenshot displays the Pan Asia Exchange website interface. At the top, there is a navigation bar with links for 'Welcome to Pan Asia Exchange!', 'Login or Register', and 'My office Services Help Pan Asian E-Commerce Alliance'. Below this is a banner area with the text 'EMPOWERED BY 7 GOVERNMENT SERVICE PROVIDERS FROM PAN ASIA REGION' and the PAA logo. A search bar is present with 'Products' and 'Region' dropdowns, and a 'GO' button. The main content area is divided into several sections: 'Hot Categories' (listing various product types like Agriculture, Apparel, etc.), 'Hot Products' (showing images of gold jewelry, BAHAMA CHIPS, etc.), 'Local Features' (showing images of shoes, citrus, arm chairs, etc.), 'Trade News' (a list of news items), 'Trade Policy Updates' (a list of policy news), 'Trade Services' (listing services like Qingdao World Impo., MIT International, etc.), 'Featured Sellers' (listing sellers like Sen Gabriel Metal Concepts, Inc., etc.), and 'Featured Service Providers' (listing providers like STA Logistics Pte Ltd, etc.).

e-CO Electronic Certificate of Origin

The reliable way to manage your *Certificate of Origin*

Benefits

- Facilitate compliance to Operational Certification Procedures (OCP) for the Rules of Origin (ROO) of the ATIGA
- Qualified export products to be maintained in database, with tags on qualification for applicable FTA ROO
- Exporters can submit their CO anytime and anywhere electronically
- Minimize Customs manual data encoding, monitoring and extract real time data for report preparation
- Facilitate response to retro-verification, eliminate delays in granting preferential treatment to import item.
- Dashboard and reports to provide transparency on the issuance and utilization of CO

Superior Software

- User Dashboard
- Mobile Responsive Interface
- Cross-browser compatible
- Document Tracker

System Features

- Online registration for e-CO
- Online submission of Pre-Export Verification for ruling on Origin Criterion
- Online e-CO Form D application and upload of supporting documents
- Online review & approval of e-CO Form D application
- E-Payment of Documentary Stamp Tax (DST)
- Online printing of approved e-CO Form D
- Issuance of e-CO Form D
- Transmission of the approved e-CO Form D to Import ASEAN Member State (AMS,) thru ASEAN Single Window (ASW) Gateway
- Monitoring of CO Utilization and Retro-Verification

Introduction

***e*-ZONE TRANSFER SYSTEM**

29 March 2016 Release

N.B. With continuous pilot run of the e-Zone Transfer System and responses to new and refinement requirements, this document will be duly updated .

Objectives of Today's Meeting

- **To update the ELSEs and Client Enterprises on eZTS**
- **To inform the ELSEs and Client Enterprises on the mechanics of the Pilot Run**
- **To be able to raise possible concerns/issues based on current conditions**
- **For InterCommerce to be able to assess ELSE Clients' readiness for the rollout & help facilitate the accomplishment of requirements to prepare them for the rollout.**

JMO 2-2015

Implementation of Electronic Zone Transfer System for Transfer of Goods Between PEZA-Registered Enterprises

- **PEZA Enterprise to another PEZA Enterprise in the same zone – INTRA-ZONE**
- **PEZA Enterprise to another PEZA Enterprise in the another zone – INTER-ZONE**
- **PEZA Enterprise to its own facility in another zone – INTER-ZONE**
- **Applies but is not limited to Constructive exports, farm out for subcontracting, permanent/temporary transfers of goods and equipment**

E-ZONE TRANSFER DOCUMENT IS A REPLACEMENT FOR ...

- **8105 -- Permit to bring in Goods from the Customs Territory into the Eco-zone**
- **8106 -- Permit to bring in Goods from the Eco-zone into the Customs Territory**
- **8110 -- Permit to Withdraw Goods for Sample Purposes**
- **8112 – Permit to Sell Ecozone-made goods and for transfer of materials other than ecozone-made goods within the zone**
- **PEZA Boatnote – Transshipment Permit while the goods are in transit**

TO : All PEZA-Accredited Value Added Service Providers
All ZAs/ZMs/ OICs
All PEZA-Registered Enterprises participating in Pilot Run
of the PEZA electronic Zone Transfer System (eZTS)

FROM : Mary Harriet O. Abordo
Deputy Director General for Operations 

DATE : 28 January 2016

SUBJECT : Pilot run of the PEZA electronic Zone Transfer System (eZTS)

In line with PEZA's continuing efforts toward the full automation of the issuance of permits for the movement of goods of PEZA-registered enterprises, PEZA will soon roll out the electronic Zone Transfer System (eZTS) for the Transfer of Goods between PEZA-Registered Enterprise (PEZA and BOC Joint Memorandum Order No. 2-2015 dated 24 July 2015) which shall initially be implemented on the goods to be transferred by PEZA-registered Ecozone Logistics Warehousing Enterprises (ELSE), Ecozone Facilities Enterprises engaged in warehousing/logistics (EFE-WD) and registered warehousing / logistics operations of Ecozone Export Enterprises (EEE-WD). Initially, the eZTS will cover the following types of warehousing/logistics operations: (a) importation/procurement of goods for subsequent supply/sale to PEZA-registered enterprises; and (b) storage, inventory management of goods of PEZA-registered enterprise-clients and subsequent retrieval and delivery thereof by / to said PEZA-registered enterprise clients.

The guidelines for the Pilot Run of the eZTS are as follows:

1. A PEZA-accredited Value Added Service Provider (VASP) which has completed the Users Acceptance Test (UAT) of its eZTS and its system has been approved PEZA shall be allowed to implement the Pilot Run of its system.
2. The VASP shall select only one ELSE/EFE-WD/EEE-WD client with goods intended for delivery to PEZA-registered enterprise clients in each PEZA economic zones (one client per zone), under any of the above transaction types of warehousing/logistics operations.
3. The participating ELSE/EFE-WD/EEE-WD and its PEZA-registered enterprise - clients shall accomplish the attached application form (Annex A) to be printed in the company's letter head. Each participating ELSE/EFE-WD/EEE-WD and PEZA-registered enterprise-client is allowed to designate a maximum of only three (3) officers to be given access to the system. The printed application, together with the soft copy thereof, shall be submitted to the ELSE/EFE-WD/EEE-WD's and PEZA-registered enterprise-client's respective PEZA ZA/ZM/OIC for validation and subsequent endorsement to PEZA-MIS. PEZA-MIS shall create and provide the approved eZTS users with their respective User accounts / names for the eZTS.

4. Once enrolled in the eZTS and the User's name has been provided by PEZA-MIS, the participating ELSE/EFE-WD/EEE-WD and the PEZA-registered enterprise-client shall establish its corresponding **pre-payment account in the eZTS** similar to the existing pre-payment module of the PEZA eIPS and AEDS.
5. The participating ELSE/EFE-WD-EEE-WD shall secure the required **General Transport Surety Bond** under PEZA-BOC JMO No. 2-2015 in accordance with the prescribed guidelines under BOC CMO No. 40-2015 dated 28 October 2015 (copy attached as Annex B).
6. Payment of the **PEZA processing fee for "Indirect export"** in the amount of Php 360.00 for goods valued at US\$ 10,000.00 and above, or Php 180.00 for goods valued below US\$10,000.00, and the LOA processing fee of Php 1,200.00 for every application for LOA and permit to transfer shall be deducted from the pre-payment account of the concerned EEE/EFE-WD/EEE-WD. However, the **VASP's lodgement fee on all transactions under the eZTS shall be free of charge for the duration of the pilot/trial period.**
7. **All applications made during the said pilot/trial run of eZTS shall be treated as regular applications** and shall be included in PEZA's record / database on the participating EEE/EFE-WD/EEE-WD's and PEZA-registered enterprise-client's transactions with PEZA.

Requisites of e-ZTS

Enrollment with PEZA in EZTS (ELSE & Client Enterprises)

Items must be approved in the List of Importables of the PEZA-registered Client Enterprise (end user) filing the Certification.

General Transportation Surety Bond (GTSB) (for Inter-Zone transfers)

Prepayment account with PEZA for e-ZTS

Prepayment account with VASP

GENERAL TRANSPORTATION SURETY BOND

- Replaces the Customs Boatnote and PEZA underguarding
- Single GTSB secured by the originating PEZA Enterprise to cover for ALL inter-zone transfer activities

Total FOB Value of Transferred Goods
for the preceding 3-month period _____ x 7 x 14%
90 days

- Not required in INTRA-ZONE transfers

ENROLMENT

- Submission of Application Docs to ZM (ELSE, CLIENT)
- Issuance of username to ELSE & CLIENT by PEZA MIS (3 users)

LOI

- Upload item in EIPS List of Importables (CLIENT)
- Approval of EIPS List of Importables (ZM OF CLIENT)

NOMINATION

- ELSE Nomination (CLIENT)
- Acceptance of Nomination (ELSE)

GTSB

- GTSB Online Submission (ELSE)

Bureau of Custom Examiner

PEZA Enterprise Service Officer

TALLY OF GOODS ENTERED INTO THE RECEIVING ZONE ON THE BASIS OF THE ABOVE PERMIT

Item Description:	Quantity Arrived/UOM:	Checked by:	
		PEZA Examiner	BOC Examiner

6 Conditions for an e-ZTD to be Automatically Approved

- 1. It is not the first ZTD of the LOA. The first ZTD is always “for approval”**
- 2. If Inter-Zone, there is an active Surety Bond.**
- 3. LOA is not expired. (System will check)**
- 4. Item Quantities for transfer are within Remaining LOA Quantities (don't worry, INS system does not allow encoding of over-quantity)**
- 5. Total FOB Value should be within the Remaining FOB Value of the LOA (System will not allow over-value, system will check)**
- 6. There are no OPEN e-ZTDs in previous lodgments.**

About the e-ZTD

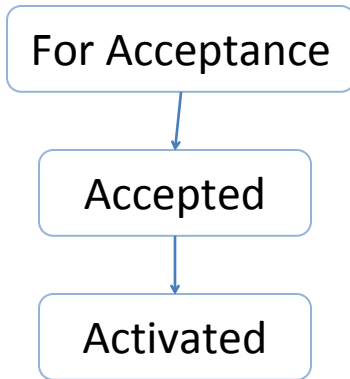

- **Filed with the VASP where the e-LOA was filed.**
- **For Inter-zone, the e-ZTD may be filed only if there is a GTSB that is submitted in the system and tagged “accepted” by PEZA.**
- **PEZA processing fee :**
 - P180 for Total Invoice Value below USD10,000
 - P360 for Total Invoice Value USD10,000 and above
- **Time Allowed to Exit is 30 mins after approval**
- **Validity : 12:00mn-11:59pm of the Transfer Date**
- **OPEN status if approved and released/delivered but has not yet been tagged “received”.**
- **An OPEN status will render succeeding ZTDs to be on “For Approval” status instead of approved**
- **An e-ZTD is valid for use to transfer the goods on the Date of Transfer ONLY.**
- **A e-ZTD that is approved but is not used to transfer goods on the day of the Transfer Date will have the Quantities and FOB value returned to the LOA only 5 days after the Transfer Date. The ZTD will be tagged EXPIRED. An expired ZTD is considered CLOSED. (modified on March 29, 2016)**
- **If upon arriving at the Client Enterprise there is discrepancy in Quantity, the Client Enterprise must note the discrepancy in the system and will not be able to tag the e-ZTD as Received. Only PEZA will be able to close the transaction.**

Availability

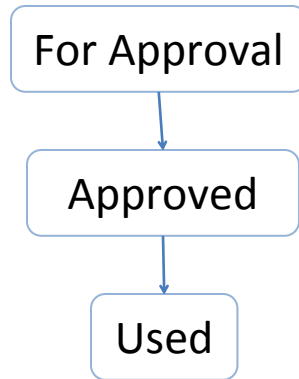

While eZTS is available 24/7, any application / lodgement made outside of the regular working hours, particularly on the filing of eZTD that requires the approval of PEZA ZA/ZM/OIC, shall be acted upon the resumption of the next regular working hours.
